EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given by the "Annotated" Drawing sheet submitted on 01 November 2005.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: the labeling of diagram boxes 12, 13, and 14 in Figures 8 and 9 as indicated on the Annotated Sheet of Drawings filed 01 November 2005. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to teach and/or suggest a method or apparatus of applying targeted air currents to predetermined areas of a passenger vehicle body, the predetermined areas including areas where sealing devices extend between adjacent vehicle body parts of the passenger vehicle body and measuring the air noise occurring as a result of the targeted air currents.

The closest prior art is that of **Kramer et al. (US 5,435,175)** and **Yamada et al. (US 5,035,359)** which both teach utilizing air deflectors or movable jet test sections to change the flow of the air in a wind tunnel while testing a vehicle in the air stream for aerodynamics and aeroacoustics. There is no teaching of specifically targeting a particular portion of the vehicle body in order to perform an air noise (aeroacoustic) test on the sealing device in that part of the vehicle body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rose M. Miller whose telephone number is 571-272-2199. The examiner can normally be reached on Monday - Friday, 7:30 am to 3:30 pm.

Art Unit: 2856
